

CASE HISTORY Tube Bending Lubricants

Features:

- Strong Barrier Film
- High Degree of Lubricity
- Available without EP Additives
- Modified Complex Soaps
- Non-Pigmented
- Multi-Metal Compatible
- Available in Halogen-Free

Benefits:

- Reduce Galling and Particle Generation
- Lower Environmental Impact
- Cleans Easily in Low Temperature – Water Based Cleaners
- Does Not Harden in Container or Lines
- Reduce Lubricants in Plant
- Meets U.S. Navy requirement

Industries Served:

Automotive, Truck, Military, Shipbuilding, Furniture, Commercial, General Bending

Towerdraw Series TC-88/89 TC-77/78 TC-99

Bend-All 80
