KEY P-Plug or Empty-Bending
RP-Regular Pitch
CP-Close Pitch
UCP-Ultra Close Pitch
No. indicates suggested number of balls

NOTE: 1. The Empty-Bending system (without a mandrel or wiper die) is recommended for applications above the dotted line.
2. A wiper die is recommended for applications below the dotted line.
3. " H " style, brute, chain link mandrel in regular pitch, close pitch, and ultra-close pitch.
4. All mandrels are available with lube holes and grooves and finished in chrome, Kro-Lon AMPCO bronze.
